SIVA Trainer Recertification Course

SIVA (Supporting Individuals Through Valued Attachments) is a Canadian-created safety management course for mental health professionals, residential care providers, educators and caregivers responsible for individuals with special needs who engage in unsafe behaviours. SIVA's holistic relationship-based model effectively utilizes collaboration, goal-direction, self-management and healthy empowerment to strengthen relationships and create safety. Thousands of professionals and caregivers have embraced the SIVA model as their training program of choice. SIVA has been described as "a refreshing alternative to crisis focused programs." SIVA is recognized by the Canadian Accreditation Council and agencies who have completed C.A.R.F. (Commission of Accreditation of Rehabilitation Facilities) accreditation have received an exemplary designation for their use of the SIVA program.

SIVA requires that all Trainers participate in a SIVA Recertification Course every two years.

SIVA Trainers participating in the recertification course will receive the following:

SIVA 2018 – 2020 Trainer Manual, New SIVA flash drive with all trainers materials, New Trainer updates and direction on the Emotional Brain, SIVA philosophy, Guiding Principles, Understanding Emergency Safety Interventions and the relationship based modules that make SIVA "a refreshing alternative to crisis focused programs."
